

Workplace Tour Research Activity

Complete the following research assignment as part of your preparation for the upcoming workplace tour. This research will be the basis for in-class discussion and presentations prior to the tour.

Student/Learner name:
Company you'll visit on your workplace tour:
Company's web address:
Company's physical address:
Company's mission statement:
What is the company's primary business?
What departments exist within the company?
What companies do you think are in competition with your workplace tour company?
After researching your company, what are some questions that you will ask your workplace tour host?
Based on your research, what do you think you will like most about your workplace tour experience?
Based on your research, what is your biggest concern about your workplace tour experience?
If you could leave the workplace tour having learned one thing, what would that be?
Anything else you learned while doing your research that you'd like to share with your teacher/faculty or the class?
